Hi, my name is Anthony Fernando.

I'm an author and public speaker living in Melbourne Australia. Today I'd like to share with you a powerful way to break the cycle of negativiy that can prevent you from reaching your full potential.

So pull up a chair, turn the page, and let's get started!

This IS a FREE eBook, please feel free to pass it on to the people you care about.

Breaking the Cycle of Negativity.

One of the main obstacles to achieving success in life is that every single day we are bombarded with negativity. Does this sound familiar?

- “128 people were killed and 400 injured in a car bomb attack overnight...”
- “Thousands of people are homeless as tornados ravage the state...”
- “Police are questioning a male suspect following another shooting incident...”

Our radios, newspapers and televisions bombard us with a deluge of negative energy from the time we wake up until the moment we go to sleep.

It's little wonder that it's so difficult to develop a positive, success oriented mindset when we're faced with this avalanche of negativity every day!

Today, I've decided to do something about breaking this cycle of negativity, but I'm going to need your help.

Don't worry; I'm **not** trying to sell you anything!

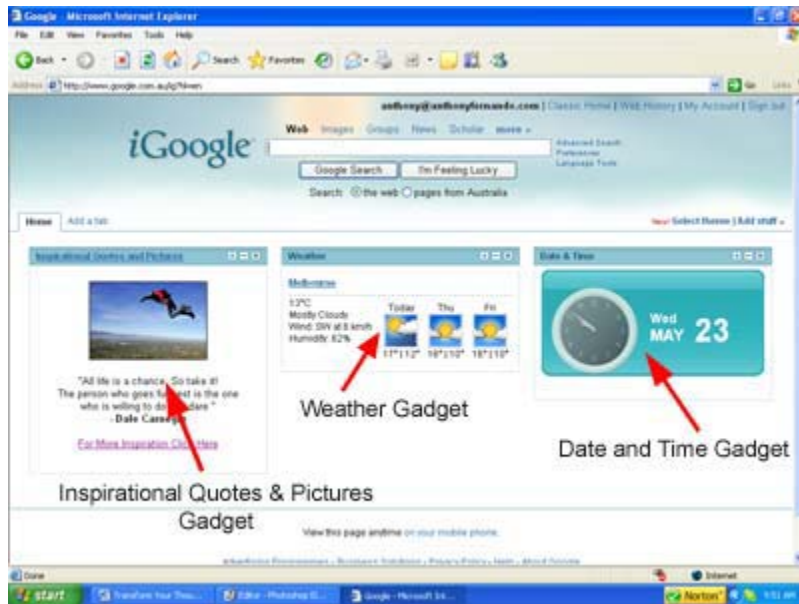

In fact, if you take a few minutes to read this mini eBook, you'll receive a free gift that will help you transform your thoughts and your life.

Let me explain...

The search engine company Google, has recently introduced the concept of Google Gadgets which allow users to create and customise their own Google homepage. What this means is that instead of looking like this:

Your Google homepage can now look like this.

Google calls these dynamic homepages ‘iGoogle’.

The picture above shows my iGoogle homepage which contains three Google Gadgets: A Date and Time Gadget, a Weather Gadget and the Inspirational Quotes and Pictures Gadget.

When I learnt about Google Gadgets I realised that this was a great opportunity to be able to spread some positive energy around the world.

So last week I spent many late nights creating **The Inspirational Quotes and Pictures Gadget** which contains **100** of the most uplifting and inspirational quotes of all time. Here is an example so you can see what I’m talking about:

Putting the Inspirational Quotes and Pictures Gadget on your iGoogle homepage is a great way to receive some regular positive energy. Each time you refresh your homepage you will see a different inspirational picture and quote.

Over time, these quotes will become part of your subconscious and help you develop the positive mindset you need to overcome negative thinking and attract success into your life.

As I said earlier, I'm giving the Inspirational Quotes and Pictures Gadget away for free. Why is it free?

Because I really believe that this Gadget is an incredibly powerful tool for breaking the daily cycle of negativity that we all face.

I also believe that if I can share this Gadget with people around the world, it could help thousands or even millions of people achieve their most important life goals.

This is where I need your help.
